OUR VETERANS DESERVE THE BEST.

You served your country. Now let your country serve you. The VA New England Healthcare System is a state-of-the-art, comprehensive health care system that understands the special needs of Veterans. For example, does your private doctor ever ask about environmental exposures you've encountered during your service?

The VA operates New England's largest integrated health care system with eight Medical Centers and over 45 Community-Based Outpatient Clinics. What's more, VA is the only national health care system in the country. That means that if you get sick or need medication while traveling, you can simply go to the nearest VA facility and get the care you need.
